

100 Asks

Your Goal is to get 100 Asks in in a Specific Time Frame.

The faster you check off your "ask" boxes, the Faster you grow your team!!

WHO to ASK??

1. ASK the customer that just placed a re-order
2. ASK your current hostess... Before the party starts, when she gets a couple size forms, and once she gets her first order
3. ASK after you do your fit check (instead of asking to host, first invite them to join a MRR call)
4. ASK your friends and family who you would love to do this Business with!
